

SPEEDairo-TC Plus – for 365 days a year

Recently the jury of the world's largest innovation price of technology, sports and lifestyle awarded the SPEEDairo RS in the three categories "Innovation", "High Quality" and "Design" and presented CASCO with the coveted Plus X Award. Now the helmet specialist has released another version of the successful model: SPEEDairo-TC Plus. Optical an eye-catcher through the combination of high-quality gloss and matte varnish, a precious black finish and a large reflect letter. The helmet convinces also functionally with an extensive accessory package that equips the SPEEDairo-TC Plus for all weather conditions. The helmet comes with an all-weather cover for cold and rainy days. There is also a multi-functional cloth and a sun shield included for an individual and weather-dependent optimal equipment of the helmet.

Weather situation	Recommended Accessoires
cold:	all-weather cover + multi-functional cloth
wind and/or rain:	all-weather cover
fall / "fresh breeze":	multi-functional cloth
Light solar radiation:	helmet shield or clear visor
Strong solar radiation:	dark visor

CASCO utilizes again at the SPEEDairo-TC Plus the popular contactless seat (AIRfit), the 365 degree reflector stripes and the frameless panoramic visor, which creates a comfortable draught free view through its unique sealing to the face. Nevertheless it is even suitable for eyeglass wearers. There-with the CASCO development team underlines the all-year suitability of the helmet and completes the optically appealing helmet in functional terms.

By the way: The helmet models SPORTY TC Plus and CASCO SPEEDSTER-TC Plus also feature accessory packages. Always indicated by the model name affix "Plus".
